FACTORY

1965 INDEX

VOL. 123, JANUARY TO DECEMBER

UNIVERSITY OF MINNESOTA RECEIVED MAR 15 1966 LIBRARY

Combined Table of Contents

Plant Engineering and Maintenance

Management and Practices

Get costly guesswork out of equipment efficiency! G.C. Quinn .... Jan 72
The military airs its maintenance problems .... Jan 89
Chemical control of corrosion, scale and sludge – an engineering and technology report C.M. Loucks .... Jan 91
Japanese maintenance in prize-winning shape John Yamaguchi .. Jan 108
The stage is set for maintenance cost control H.F. Lund .... Feb 71
In-depth survey of the maintenance scene .... Feb 72
Direct costing dialogue – views of J.A. Blackhall and Wilmer Wright .... Feb 76
Dramatic maintenance cost-cutting programs .... Feb 78
PE & M Show and Conference master plan .... Feb 131
Guide to exhibitors .... Feb 132
Products classification index .... Feb 158
Conference program .... Feb 186
What would you do to beat the flood? .... Mar 98
Maintenance in spite of dirt, dust, wear, air and time .... Apr 84
Does maintenance lack maturity? – views of L.C. Morrow .... May 49
Three steps to gainful control of maintenance spare parts .... May 58
9 pros speak out on hottest problem in maintenance: people .... June 100
Preventive maintenance – FACTORY checklist .... June 111
Technology puts a new burden on maintenance – ASME-AIPE conference panel .... July 72
Regular battery PM gives you lift trucks when you need them .... July 90
Preventive maintenance – FACTORY checklist .... July 107
High maintenance cost targets: How to score .... Sept 100
In-plant scaffolding – FACTORY Billboard .... Sept 116
Noise control – FACTORY checklist .... Dec 89
Maintenance craft retraining program
Vibration mechanics .... Apr 124
Air conditioning mechanics .... June 92
Electronics technicians .... July 74
Hydraulic systems mechanics .... Sept 126
Instrument repairmen .... Oct 116
Numerical controls mechanics .... Dec 78

Buildings and Yards

Portfolio of 1965's Top Ten plants .... May 75
31st annual Top Ten showcase .... May *79
Under the big top .... May 80
Engineered excellence .... May 84
Automation on tap .... May 88
Record design .... May 92
Room to grow in .... May 96
Magic kitchen .... May 100
Tactical layout .... May 104
Fine grained details .... May 108
Where people come first .... May 112
Clean living .... May 116
Top Ten engineering data file .... May 127
How the Top Ten chose their sites .... May 150A
Recent changes influencing plant relocation. Fulmer & Schiavone .... May 152A
Top Ten's trends in buildings and grounds .... May 183B
Fire protection – FACTORY checklist .... Sept 133

Services and Facilities

Triple play for scrap handling .... Jan 113
Tough industrial lubricants for today's plant problems – an engineering and technology report .... Mar 107
Hydraulic systems – FACTORY checklist .... Mar 127
Monitored air pressure for high product quality .... Apr 90
Flow control valves – FACTORY Billboard .... Apr 118
Top Ten's trends in plant services .... May 311E
Fluid controls: the new breed – an engineering and technology report G.C. Quinn .... July 99
Are you prepared to fight a water shortage? .... Aug 46
Air compressors – FACTORY Billboard .... Aug 65
Cut your costs with less-than-total air conditioning A.T. Spangler .... Aug 70
Should water pollution have federal controls? – views of E.S. Muskie and J.E. Kinney .... Aug 74
Plant heating: Ductless system is economical and odorless .... Sept 94
Industrial air pollution: What's being done about it? H.F. Lund .. Oct 90
What is an industrial air pollutant? .... Oct 94
Industry's solutions to air pollution problems .... Oct 96
How to select equipment for air pollution control .... Oct 98
FACTORY's conclusions .... Oct 100

Electric Services

Personal pocket pagers – FACTORY Billboard .... Jan 104
Charge your electrical reports with current, informative data G.C. Quinn .... Feb 56
Compact gearmotors – FACTORY Billboard .... Mar 120
Dangerous electrical beasts I have known .... Apr 94
New lighting standards .... May 52
Top Ten's trends in electrical equipment .... May 267D
Stop wasting lighting dollars .... June 84
Power capacitors – FACTORY Billboard .... June 90
Standards for plugs and receptacles, at last .... Aug 76
Differing opinions on maintaining N/C machines .... Aug 83
Electric contract maintenance: Fundamental cost cutters E.T. Shaw .... Sept 106
Skimp on lighting now, and your plant suffers later .... Oct 124
Plug-in bus ducts – FACTORY Billboard .... Oct 129
How plant power systems are changing – report. G.C. Quinn .... Dec 62
How the Northeast power failure hit manufacturers .... Dec 86

Winners of "Top Plant of the Year" Awards

AMF Beaird, Inc. .... May 80
Anderson Bros. Mfg. Co. .... May 84
Carling Brewing Co., Inc. .... May 88
Columbia Records Division .... May 92
The De Laval Separator Co. .... May 96
Kitchens of Sara Lee, Inc. .... May 100
Littelfuse, Inc. .... May 104
Mueller Co. .... May 108
The C.A. Norgren Co. .... May 112
J.P. Stevens & Co., Inc. .... May 116

Production

Organization and Management

Frank Coleman puts in a full day .... Jan 98
Should US plants go on the metric systems? – views of R.K. Davis and Walter Schmid .... Apr 92
Easy cost estimating. R.J. Bouse .... May 50
Should production take charge of purchasing? – views of J.S. Robinson and A.W. Todd .... July 94
How to move a product from research to manufacturing .... Aug 66
Max Birnbaum works under many names .... Oct 106

Production Controls and Systems

Quality control takes a new direction F.A. Peck .... Jan 106
Plan on "crewloading" for your next low-volume production run .... Feb 67
Inspection stations – FACTORY checklist .... Feb 85

*Less than one page

Computers work for small plants, too! D. Van Utt & E.H. Wolff .. Mar 102
Why all the excitement about "Zero Defects"? – an editorial commentary G.V. Schultz .... Mar 113
Production control – FACTORY Checklist .... Apr 133
Incentives and work measurement slump badly since 1959 G.V. Schultz .... June 68
How to win friends when you dispose of surplus equipment .... June 80
Making metrology meaningful .... June 91
Zero Defects: How to build your program from scratch. J.L. Mazel .... July 66
Readers react to wage incentive and work measurement survey .. Sept 108
Liquid-crystal detective quickly finds metal defects .... Oct 102
Bob Kindt has a real nuts-&-bolts inspection program .... Dec 52
Methods and Technology
Heatless soldering tool uses tips that stay cool C.J. Geating .. Jan 82
New methods focus on flexibility .... Jan 86
Rotary blades make parts shape up .... Jan 97
Production plating – FACTORY checklist .... Jan 115
Coated abrasives – FACTORY Billboard .... Feb 66
Foremen training sessions pump life into production .... Mar 92
Materials trends – what's happening in 1965 .... Mar 95
Grind? Or bore? .... Mar 126
How to turn large jobs into small tasks W.H. Butler .... Apr 102
Better methods program pays off for management .... Apr 120
Multi-model production without set-up snags .... Apr 128
New masks for plating. C.J. Lavigne, Jr. .... May 46
The price is right at the ASTME show .... June 84
Countless cost-cutters are at your fingertips .... June 104
Die casting: Why take many steps when one costs less? .... July 92
Torque wrenches – FACTORY Billboard .... July 105
How to improve your methods improvement program. N.L. Naidish .... Aug 50
Small plant uses common sense to streamline production .... Aug 78
Jigs and fixtures – FACTORY Checklist .... Aug 85
Work simplification: Mogensen's approach is working new miracles. Auren Uris .... Sept 112
Better methods to spur employees to blue-ribbon savings .... Sept 117
Numerical control: How to go about it .... Sept 120
Modular assembly can cut your total inventory investment .... Sept 124
Value analysis uncovers a bundle of lost dollars .... Sept 130
And now – PLASTIC heat exchangers – an editorial commentary. G.V. Schultz .... Oct 128
Production painting – FACTORY Checklist .... Oct 131
The Machine Tool Show: revelations worth waiting for .... Dec 74
A plant powered 100% by air? .... Dec 83
Material Handling and Layout
Does your job shop look like a junk shop? William Elliott .... Feb 48
40 ways to handle awkward loads .... Mar 114
Plant unglues its sticky problem areas .... Mar 122
Better handling methods make pineapples palletable .... Apr 117
"Pay-as-you-use" battery-rental plan for any size plant .... Apr 131
Top Ten's trends in material handling .... May 211C
Big boxes cut handling costs .... June 109
How to deliver fast when you produce many models .... July 96
Warehouses: How to build yours for under $5 per square foot .... Sept 90
Plant layout: "PERT" approach with four simple steps. I.G. Robinson .... Sept 104
"Total" manufacturing costs: New trend, new savings .... Oct 120
Lift trucks: more economical to lease or buy? – views of J.D. Trew and C.M. Hogate .... Dec 60

Plant Management
Organization and Policies
Practical computers and you – an editorial commentary R.W. Christian .... Jan 90
Fat year for plant investments .... Jan 114
Latest manpower ratios in manufacturing .... Mar 84
Computer use in plants .... May 54
Do regular staff meetings waste time and money? – views of R. E. Levinson and I. L. Sonenshein .... June 82
Operation Update: Operations research. J.A. Parsons .... Pt 1 July 78, Pt 2 Aug 55
New way to get technical assistance – free .... Dec 58
Personnel Development
Vacations: Spread them out or lump them together? – views of B.W. Weber and D.R. Ross .... Jan 84
Fast ways to find the facts R.E. Larcom .... Jan 102
Training drills specific skills without frills – Accelerated Training program .... Feb 52
Stan Musial goes to bat for fitness in plant men Stan Musial .... Feb 62
Reading, 'riting, 'rithmetic upgrades quality inspectors .... Mar 118
Operation Update: How computers work R.A. Bernstein .... Apr 105
Success or obsolescence – are you at the crossroads? W.K. Hodson .... Aug 81
Manage yourself to manage others R.C. Sampson .... Sept 98
Training: Shrink your job with big-machine models .... Sept 110
Bare-knuckle vs. velvet-glove management – views of J.D. Batten and J.P. Jones .... Oct 104
What management owes its unemployed personnel .... Dec 56
Take a break – Jan 223, Feb 253, Mar 231, Apr 241 .... June 227
Employee Relations
Should "Right to Work" laws be repealed? – views of M.J. Shapp and Howard Jensen .... Mar 96
How working conditions affect job output – an interview with Lucien Brouha, M.D. .... Mar 104
Ben Stringer plays it safe .... Apr 98
Labor stormclouds ahead. V.E. Lunardi .... May 56
Should plant cafeterias be automated? – views of M.W. Morrow and Daniel Sundt .... Sept 102
Retirement: How will you face it? .... Sept 122
How 12 companies built outstanding safety programs .... Oct 110
Personal safety gear – FACTORY Billboard .... Dec 76
Labor Costs
The evolution in job evaluation – a composite picture .... Jan 109
Indirect labor rates reflect need for education .... Mar 125
How to keep the personnel man from giving your plant away .... June 96
Sister cities' pay varies for indirect labor .... June 108
Pension forecast: rainfall of rising costs – an editorial commentary. V.E. Lunardi .... Aug 82
Indirect labor rates raise the roof on overhead .... Sept 97
Are the big "big city" paychecks myth or fact? .... Dec 82

FACTORY's 1966 Almanac of Cost Reduction
Grab that hoe and get your money's worth .... Nov 71
How to grow an ever-blooming garden of cost-reduction ideas .... Nov 72
How to turn cost-reduction efforts to ever-greener pastures .... Nov 74

Editorials
What's going on here? .... Jan 71
Maturity is still missing in maintenance .... Feb 47
Automation, productivity, and your job .... Mar 83
Feast now, but don't get fat .... Apr 83
Engineers: are they science's stepchildren? .... May 45
Not farming half so well as we know now .... June 67
Right-to-work protagonists: A plague on both their houses .... July 65
Think 365? Or 7? Or think both? .... Aug 45
Acid tests of a good idea .... Sept 89
Can industry afford not to be a public nuisance? .... Oct 89
Stability – yes, complacency – no! .... Dec 51

Know-How Index

A

Abrasives
Belt goes under par .... Sept *196
Chipping away chips .... June *176
Coated abrasives – FACTORY Billboard .... Feb 66
Grind or bore? .... Mar 126
New life to old tools .... Apr *189
Sandblast system .... Sept *194
Saw blade finishing .... Sept *198
Tips about coated abrasives .... Nov * 81

Absenteeism
The case of the delinquent fisherman .... Aug *143
Five things to do about absenteeism .... Nov *167
Putting the brake on sick leave .... Nov *127

Accidents (see Safety Engineering)

Air Conditioning
Air cleans the plant .... Jan *180
Air conditioning hands .... Jan *177
At what point will A/C pay off? .... Nov * 93
Case studies in electrical equipment .... May 271D
Cleans plant within a plant .... Jan *172
Computerized cooling cuts costs .... Nov *141
Cool process, office .... Oct *203
Coolers score higher .... Aug *137
Costly air filters are cheap .... Nov *135
Cut your costs with less-than-total air conditioning .... Aug 70
How much does A/C cost? .... Nov * 93
Low cost A/C cleaning .... Nov *109
Low cost control .... Dec *123
Movable white room .... Aug *141
Packaged control of RH, temperature .... Dec *124
Retraining maintenance craftsmen – air conditioning mechanics .... June 92
Saving water saved $37,000 .... Nov * 77

Air Pollution
Dust collector gets a hitch .... Jan *182
Fiberglass stops plant BO .... Jan *175
Grabbing fumes by the tail .... Nov *153
Incinerate without gripes .... Apr *194
Industrial air pollution: What's being done about it? .... Oct 90
Instant clean room .... Mar *196
Keep your system costs dust free .... Nov *177
Pollution control saves plant roof .... Nov *123
Wet scrubber gives fumes the brush .... June *183

Apprentices (see Employee Training, Maintenance Training)

Assembly Techniques
Adhesive bonding cuts costs 30 to 68% .... Nov * 79
Anti-soldering iron sniffs solder away .... Apr *192
Around and around she goes .... Nov *165
Assembly a snap .... Nov *145
Automation goes small to solder circuits .... Mar *194
Bonding by spraying .... Mar *187
Brazing is the "in" thing .... June *182
Clipping production costs .... Nov *117

*Less than one page

Deep freeze bushings ... Feb *225
Gluing aluminum ... Oct *198
Heatless soldering tool uses tips that stay cool ... Jan 82
How to deliver fast when you produce many models ... July 96
Improve bench assembly efficiency ... Nov *95
Index saves $60 Gs ... Sept *195
Laser shows the way ... Apr *190
Lazy susans have 25 hands ... Apr *188
Lead bender ... Aug *145
Lockout screw drivers ... Jan *181
Modular assembly can cut your total inventory investment ... Sept 124
Movable white room ... Aug *141
Multi-model production without set-up snags ... Apr 128
Mylar templates ... Dec *131
One-two riveting ... Mar *188
Plant powered 100% by air? ... Dec 83
Plastic door mask ... Sept *195
Riveting operation ... Aug *137
Three ways to cut inventory expenses ... Nov * 91
Tightening up on tools ... Nov *131
Torque wrenches – FACTORY Billboard ... July 105
Two gun cost-cutter ... Nov *105
Two-way saving ... Dec *128

Authors are saying – Jan 206, Feb 247, Mar 224, Apr 235, May 142 ... June 218

Automatic Operation
Automatic soldering ... Oct *195
Better handling methods make pineapples palletable ... Apr 117
Boring machine ... Oct *196
Checking X-Y axis ... Dec *130
Computers got around in 1964 ... Nov *137
Drill control ... July *184
Drive out pickup and delivery costs ... Nov * 91
8 arguments against automation ... Nov *177
Flame cutter sees the light ... Jan *174
Forging press for the future ... Aug *143
From Russia with loaf – bakery operation ... Feb *226
Furnace charges self ... July *182
Gears in 25 seconds ... Sept *202
Hard inspection job ... Mar *195
Manufacturing package ... Aug *145
Memory unit for flaws ... Mar *191
N/C boring mill ... Dec *125
N/C short-cuts production ... Nov * 95
Robot handles moving chores ... Apr *195
Screwdriving machine can program itself ... Feb *224
Sight, sound inspection ... Jan *177
Steel coils tighter ... July *178
Steel coils walk gently ... Feb *233
Tape drills program themselves ... Apr *194
Ultrasonic system is small in a big way ... Feb *226
When automation takes over . . . ... Nov *159
X-rays boss the cans ... Feb *228

B

Budgeting and Cost Control
Break-even chart pinpoints profits ... Nov *141
Budget control checkpoints ... Nov *103
Cost estimating made easy ... May 50
Data collection pushbutton style ... Mar 192
Downtime means it's a long day ... Apr *194
Easy ratios tighten cost controls ... Nov *151
Eyecatching wall signs ... Apr *196
Guides to effective cost control ... Nov *181
How to win friends when you dispose of surplus equipment ... June 80
Muscle-power saves staying-power ... Nov * 83
Oops – here come the auditors ... Nov *165
Talk is not cheap ... Apr *187

Building Upkeep
Dueling with dew ... Feb *228
Fiberglass panels ... Dec *132
Foam repairs roof ... Dec *132
Hot facts about hot transformers ... Nov *159
Pipe slides cut maintenance costs ... Nov * 87
Plastic panels cut building upkeep ... Nov * 93
Sealing out eyesore ... Feb *227
Vinyl roofing fights the weatherman ... Mar *189
What would you do to beat the flood? ... Mar 98

Building Upkeep (see also **Plant Design and Construction**)

C

Capital Spending
Automated out of markets? ... June *162
Fat year for plant investments ... Jan 114
How plant power systems are changing ... Dec 62
Machine Tool Show: revelations worth waiting for ... Dec 74
New methods focus on flexibility ... Jan 86
Thumbnail guide to plant investment ... Nov *163
Today's valuable employees ... Nov *141

Charity Donations (see **Public Relations**)

Clothing
Air conditioned hands ... Jan *177
Hats cap off safety training ... June *162
Modernization cracks open pride ... Jan *162
Space-age comfort ... July *184

Communication Systems
Calling all cars ... Nov *125
Instant TWX via TV ... July *176
Keep those phone bills down ... Nov *107
Personal pocket pagers – FACTORY Billboard ... Jan 104
Plant repair on the air ... Nov *113
Plant tours sans sore feet ... June *175
Security at a distance ... July 174
Talk is not cheap ... Apr *187
Talks on TV tapes ... Jan *180
TV home-training ... Aug *138
TV reaches new low ... July *180
TV uses two eyes in checking plant workers ... Mar *194
Windbag wins hot phone ... Sept *184

Containers
Adjustable chip removal ... Nov *123
Big boxes cut handling costs ... June 109
Boxed in for quality ... Sept *187
Canning the can ... June *175
The quick dump ... July *183
Save with container protection ... Nov *161
Toss away paint tray ... Feb *232
"Total" manufacturing costs: New trend, new savings ... Oct 120
Warehouses on the move ... Nov *109

Conveyors
Adjustable chip removal ... Nov *123
All by magnet ... June *175
Bag conveyor ... Aug *140
Bearing increases hp ... Aug *137
Belt saves space ... Sept *199
Case studies in material handling ... May 214C
Chart corrects conveyor curves ... Nov *103
Chips downtime 20% ... July *175
Conveying efficiency to steel ... Feb 224
Conveyor belts cost ... Dec *125
Conveyors to match loads ... Nov *137
Elevating efficiency ... June *179
40 ways to handle awkward loads ... Mar 114
Honeycomb pads for spray painting lines ... Jan *176
Infrared ovens dry fast ... Apr *192
Interwoven conveyor belt ... Mar *195
Long life pipe ... Feb *234
Modern handling ... Dec *122
Multiple-deck ovens ... July *182
Nylon bushings for food-conveyor rollers ... Oct *197
No noise nylon ... Mar *189
Paint conveyor dries small parts in the air ... Apr *187
Passing the pulp ... Sept *194
Robot conveyor cops ... Apr *190
Roller skate conveyor ... Feb *232
Saving bottlenecks ... Oct *204
Scrap into cash ... Dec *125
Steel coils walk gently ... Feb *233
Sucking sand ... Apr *187
Two tips for durable conveyor design ... Nov *179
Views rout bulk handling blues ... Nov *139
Weighing chips ... Oct *201

Corrosion Control
Chemical control of corrosion, scale and sludge – an engineering and technology report ... Jan 91
No acid leaks here ... July *176
Pipe slides cut maintenance costs ... Nov * 87
Plastic pipe ... Oct *203
Save with expensive titanium ... Jan *181
What hath pipe wrought? ... Jan *173

Cost Control (see **Budgeting and Cost Control**)

Cranes
Case studies in material handling ... May 214C
Craneway repaired ... Aug *146
Dangerous hook KO'd ... Oct *196
Do-it-yourself crane ... Apr *188
Electro-mechanical device pinpoints payload movements at NASA ... Feb *230
40 ways to handle awkward loads ... Mar 114
Homemade five-ton crane ... Aug *140
Know the angles for sling capacities ... Nov * 91
Mobile crane ... Sept *196
Radio control system guides crane ... Mar *196
Speeding stock orders ... Dec *126
Ups and downs of crane safety ... July *158

D

Disaster Control
How the Northeast power failure hit industry ... Dec 86

*Less than one page

Put color in your safety budget ... Nov *181
Stringer, Ben plays it safe ... Apr 98
What would you do to beat the flood? ... Mar 98
Dust (see **Air Pollution**)

E

Economic Lot Size – Small-lot sizes to the letter ... Nov * 95
Electric Control
Case studies in electrical equipment ... May 271D
Computerized cooling cuts costs ... Nov *141
Cut limit switch limitations ... Nov *131
Power capacitors – FACTORY Billboard ... June 90
Radio control system guides crane ... Mar *196
Turn off substation and save ... Nov * 99
Electric Equipment
8 electrical eye-openers ... Nov *161
Laser beam cuts outlay ... Nov *121
New uses for old crates ... Nov *133
Plug-in bus ducts – FACTORY Billboard ... Oct 129
Printing system uses no pressure ... Feb *234
Question file trims equipment prices ... Nov *173
Regular battery PM gives you lift trucks when you need them ... July 90
Service at a glance ... Nov *153
Standards for plugs and receptacles ... Aug 76
Electric Instruments, Controls
Blind beam in on antiquated equipment ... Oct *188
Cartridge tattles on carbon ... Jan *178
Downing teardown ... Aug *145
Fast handling ... Oct 199
Flow control valves – FACTORY Billboard ... Apr 118
Fluid controls – the new breed ... July 99
Hula hoop guards thermocouple ... Nov *117
Hydraulic systems tested by sound ... June *181
Keeping your bearings ... June *182
Monitored air pressure for high product quality ... Apr 90
New uses for old crates ... Nov *133
No time for idling, meter works ... Nov * 93
Ohmeter serves as oil gauge ... Nov * 79
Safety: pitfall or program? ... Nov *137
Scrap switches spark science ... Feb *130
Simple set-up supplies shortcut ... Nov *127
System says when to casters ... Jan *182
Electric Maintenance
Charge your electrical reports with current, informative data ... Feb 56
Cut limit switch limitations ... Nov *131
Dangerous electrical beasts I have known ... Apr 94
Differing opinions on maintaining N/C machines ... Aug 83
Electrical contract maintenance: Fundamental cost cutters ... Sept 106
Electrical economics ... Nov *147
Far-off lighting ... July *177
Fast, inexpensive generator repair ... Nov *169
Holiday for electrical maintenance ... Nov *175
How to avoid costly ballast failures ... Nov *179
Pinpoint your arc welding troubles ... Nov *105
Question file trims equipment prices ... Nov *173
Real solution to reel problem ... Nov *141
Retraining maintenance craftsmen – electronic technicians ... July 74
Skimp on lighting now, and your plant suffers later ... Oct 124
Stop wasting lighting dollars ... June 84
Stopper patch saves $100 per hour ... Nov * 97
Electric Motors
Gearmotors – FACTORY Billboard ... Mar 120
Put that purchase order down ... Nov *105
Synchronous motors or lawsuits? ... Nov * 87
Electric Power Distribution
Case studies in electrical equipment ... May 271D
Dangerous electrical beasts I have known ... Apr 94
Electrical progress is steady but slow ... May 268D
Electricity, gas ride same raceway ... Nov *171
How the Northeast power failure hit industry ... Dec 86
How plant power systems are changing ... Dec 62
Natural gas sparks entire plant ... Aug *136
Plug-in bus ducts – FACTORY Billboard ... Oct 129
Standards for plugs and receptacles ... Aug 76
Top Ten engineering data file ... May 127
Top Ten's trends in electrical equipment ... May 267D
Turn off substation and save ... Nov * 99
Electric Transformers – In-the-groove maintenance ... Nov *159
Electronics
Retraining maintenance craftsmen – electronics technicians ... July 74
Employee Attitudes and Morale
Brains, not brawn, up output ... Sept *184
Company: a haven for the meek ... Feb *129
First line of defense – news ... July *156
Modernization cracks open pride ... Jan *162
Music sharpens up flat workers ... June *164
Pride in 23-in. doses ... Sept *186
Profit center centers profit ... Nov *143
Receiving but not understanding ... Jan *165
True confessions for supervisors ... Aug *154
Two's enough to make impression ... May * 72
Ways to make benefits benefit ... Nov *157
Win recruits, influence bosses ... Apr *178
Windbag wins hot phone ... Sept *184
Work simplification works miracles ... Sept 112
Workers get big picture ... Jan *175
Zero Defects: How to build your program from scratch ... July 66
Zero Defects output takes the cake ... Dec *148
Employee Benefits
Build 'em good, buy 'em better ... Sept *187
Coffeebreak, French style ... Apr *193
Customers' children rate gifts ... Feb *126
How to keep the personnel man from giving your plant away ... June 96
Iced 'coffee breaks' at 90° F ... Oct *184
In good company ... Mar *180
On the job – TV degrees ... Sept *186
Pension forecast: rainfall of rising costs ... Aug 82
Proud plant, proud community ... Apr *181
Pushbutton vacation accounting ... Nov *131
Ticker tape watchers ... Dec *146
Ways to make benefits benefit ... Nov *157
Employee Communications
Busy private secretaries ... Apr *187
Dressed up for safety ... July *156
Eyecatching wall signs ... Apr *196
First line of defense – news ... July *156
Get across your message ... Nov *167
Instant ideas ... Apr *193
"Mirror" delivery dulls feedback ... Apr *182
No answers from obsolete "mail" ... May * 71
On the carpet? This way out ... Mar *182
Parts prices alert scrap producers ... Nov *121
Pride in 23-in. doses ... Sept *196
Receiving but not understanding ... Jan *165
Right slant on discrimination ... Aug *156
Selling plant safety ... Sept *193
That homey feeling cuts turnover ... Nov * 83
Up-to-the-minute contract ... Mar *183
Visit to 115,000 worker homes ... Mar *180
"Yes" men compound errors ... May * 72
ZD is for children, too ... Nov *274
Employee Facilities
Bumper to bumper commuting ... July *156
Careful cuts in cafeteria costs ... Nov *111
Case studies in buildings and grounds ... May 187B
Case studies in plant services ... May 317E
Ferris-wheel parking ... Aug 146
In the recreation swim ... Aug *154
Profitable feeding for small plants ... Nov * 99
Renew rundown restrooms ... Nov *107
Should plant cafeterias be automated? ... Sept 102
Simple shower stalls save ... Nov *145
Subsidy for budding Einsteins ... July *158
Two-way feeding pays off ... Mar *195

Company Index

AMF Beaird, Inc. – Under the big top: eleven acres of colossal ideas ... May 80
A/S Haustrups Fabriker –Triple for scrap handling ... Jan 113
Aerojet-General Corp. – Targets for hitting at high-maintenance costs ... Sept 100
Albion Malleable Iron Co. – Maintenance in spite of dirt, dust, wear, air and time ... Apr * 84
Allis-Chalmers Mfg. Co. – West Allis Works – Cost-cutters at your fingertips ... June 104
American Steel Foundries – Maintenance achievement box-score program ... Apr * 88
Anderson Bros. Mfg. Co. – Engineered excellence from lobby to loading dock ... May 84
Atlantic Chemical Corp. – Birnbaum, Max works under many names Oct 106
Bethlehem Steel Corp. – Models of big machines can shrink your training job ... Sept 110
Bell Helicopter Co, Fort Worth plant – Coleman, Frank puts in a full day ... Jan 98
Berenschot, B.W. Co. – Accelerated Training program sharpens skills without frills ... Feb 52
Boeing Co. – Liquid-crystal detective quickly finds metal defects .. Oct 102
Booz-Allen Methods Service, Inc. – In-depth survey of the maintenance scene H. F. Lund ... Feb 72
Boyertown Auto Body Works – A plant powered 100% by air? ... Dec 83
Brillion Iron Works – Maintenance coordination program ... Apr * 88
Brod & McClung Co. – What would you do to beat the flood? ... Mar *100
Bucyrus-Erie Co. – Value analysis uncovers a bundle of lost dollars ... Sept 130
Bullard Co. – Preventive maintenance program relies on equipment evaluation ... Apr * 86
Carling Brewing Co., Inc. Automation on tap: a continuous process "first" ... May 88
Collins Radio Co. – Foreman training sessions pump life into production ... Mar 92
Columbia Broadcasting System, Records Div. – Record design: form and flair without extravagance ... May 92
Commercial Paste Co. – Plant unglues congestion in sticky problem areas ... Mar 122
Computer Controls Co., Inc. – Maintenance cost-cutting program .... Feb 83
Consolidated Electrodynamics Corp., Recorders Div. – Quality control takes a new direction F.A. Peck ... Jan 106
Dayton Etched Products Corp. – "Pay-as-you-use" Exide Meter Plan – battery-rental program for electric lift trucks ... Apr 131
De Laval Separator Co. – Room to grow in: a modern machine shop stretches its imagination ... May 96
Dole Corp. – Better handling methods make pineapples palletable .. Apr 117
The Electric Storage Co. (Exide) – Exide Meter Plan – battery-rental program for electric lift trucks ... Apr 131
Falk Corp. – Modular assembly can cut your total inventory investment ... Sept 124
Foundation for Re-Employment – How management can help its unemployed personnel ... Dec 56
General Dynamics Corp., Fort Worth Div.
Plan on "crewloading" for your next low-volume production run .. Feb 67
Rotary blades make parts shape up ... Jan 97
General Electric Co. – Numerical controls evaluation guide ... Sept 120
General Motors Corp., Buick Motor Div. – Monitored air pressure for high product quality ... Apr 90
Giannini Controls Corp., Cramer Div. – Computers work for small plants, too! Van Utt & Wolff ... Mar 102
Halliburton Co. – Does your job shop look like a junk shop? William Elliott ... Feb 48
Hercules Powder Co., Bacchus Works – Maintenance cost-cutting program ... Feb 80
Honeywell Inc., Micro Switch Div. – How to win friends when you dispose of surplus equipment ... June 80
International Correspondence Schools
Maintenance craft retraining program
Vibration mechanics ... Apr 124
Air conditioning mechanics ... June 92
Electronics technicians ... July 74
Hydraulic systems mechanics ... Sept 126
Instrument repairmen ... Oct 116
Numerical controls mechanics ... Dec 78
International Minerals & Chemicals Corp. – Technical coaching service called Full Orbit ... Dec 58
Joy Manufacturing Co. – How to move your product from research to manufacturing ... Aug 66
Kitchens of Sara Lee, Inc. – Magic kitchen uses "handling" wand .. May 100
Lear Siegler, Inc. – Reading, 'riting, 'rithmetic upgrades quality inspectors ... Mar 118
Leeds and Northrup Co. – Stringer, Ben plays it safe ... Apr 98
Littelfuse, Inc. – Tactical layout: a battle plan for better plant construction ... May 104
Lockheed Aircraft Corp., Lockheed Georgia Co. Div. – Buck Hunter suggestion system lassos blue-ribbon savings ... Sept 117
Massey-Ferguson Ltd., North American Combine plant – New methods focus on flexibility ... Jan 86
Mueller Co. – Fine grained details in a well-cast foundry ... May 108
Monsanto Co. – Plastics Div. – Warehouse for less than $5 per square foot ... Sept 90
National Electrical Manufacturers Assn (NEMA) – Standards for plugs and receptacles end confusion ... Aug 76
Norgen, C.A. Co. – Good place to work: Where people come first .... May 112
Northwest Automatic Products Corp. – Heating your plant with ductless, direct-fired system ... Sept 94
Omark Industries, Inc. – What would you do to beat the flood? ... Mar 98
Pacific Lumber Co. – What would you do to beat the flood? ... Mar *100
Perfect Circle Corp. – Maintenance program – downtime control averts small-item stoppages ... Apr * 88
Pesco Production Div., Borg-Warner Corp. – Jaecques, John C. uses Mobil's MI/DAC system for maintenance cost control ... Feb 78
Publishers Paper Co. – What would you do to beat the flood? ... Mar *100
Reece Corp. – Accelerated Training program drills skills without frills ... Feb 52
Robertson Paper Box Co. – Warehouse for less than $5 per square foot ... Sept 90
Roper Pump Co. – Georgia plant moves up front with Ben Thorne's production "horse sense" ... Aug 78
SKF – Technical coaching service called Trade-Aid ... Dec 58
Sheridan Co. – Kindt, Bob has a real nuts-&-bolts inspection program ... Dec 52
Singer Co. – What management owes its unemployed personnel ... Dec 56
Star Mfg. Co. – How to deliver fast when you produce many models July 96
Stevens, J. P. & Co., Inc. – Ckean living: a textile mill's practical creed ... May 116
Texas Foundries – Preventive maintenance program ... Apr * 86
Trans Craft Co. – CECAB SYSTEM of plant design based on unified manufacturing and distribution costs ... Oct 120
US Army Springfield, Mass., Armory – New masks for plating C. J. Lavigne, Jr. ... May 46
US Borax & Chemical Corp. – Better methods program pays off for management ... Apr 120
U. S. Navy Public Works Office – Cost control with Engineered Performance Standards ... Feb 84
US Plywood Corp. – What would you do to beat the flood? ... Mar *100
Volvo – Big boxes cut handling costs ... June 109
Westinghouse Electric Corp., Aerospace Div. – Heatless soldering tool uses tips that stay cool C.J. Geating ... Jan 82
Westinghouse Electric Corp., Lamp Div. – How to stop wasting lighting dollars ... June 84
Wheeler Mfg. Corp. – "Total" manufacturing costs: New approach produces new kind of plant design ... Oct 120
Worthington Air Conditioning Co., Climatrol Div. – Multi-model production set-up without snags ... Apr 128
Worthington Corp. – Corrective maintenance ousts unreliable components ... Apr * 86
